

## Village Association News

### Remembrance Day Commemoration

We are very grateful to Father Jason for officiating the ceremony at the village war memorial (bus shelter) on Sunday 10th November where a wreath was hung in honour of those men from the village who fell during the two Great Wars.

### AGM

The Association's AGM took place on 11th November. During the meeting a report of the previous year's events was presented and new officers elected.

The committee then discussed community and social functions for 2020.

### St Andrew's Christmas Tree Festival

This will be taking place between 7th and 20th December. The Association has sponsored a tree again this year and the church will be open daily for visitors to go along and vote for their favourite tree. Refreshments will also be available.

### New Year's Village Walk

The next village walk will take place Sunday 12th January 2020, starting at 1:30pm from The Square.

The autumn walk took place on 13th October, when as planned, we walked over to Blewbury via Upton and the Churn Estate. We enjoyed a welcome cup of tea at the Style Acre cafe before

making our way back to West Hagbourne through the fields along Coffin Way.

### St George's Day Celebrations

The George's Day Celebrations will take place between 13th-26th April 2020. More details to follow nearer the date.

## Parish Council

### Broadband

Within the village we currently have the lower tier of optical fibre connection to broadband, namely fibre to the cabinet (FTTC). Premises themselves are connected to the cabinet by conventional phone wires. The higher tier, giving better connection, is fibre all the way to the premises (FTTP) which is what some areas of Didcot have. The Council is considering whether attempts should be made to have this in the village. It is likely to require additional expense and the interest of individuals. It may be necessary to form a Community Fibre Partnership. This has been done successfully in East Hagbourne. If you are interested in moving to FTTP, please email Hugh Lewis at:

[hugh.lewis@westhagbourne.org](mailto:hugh.lewis@westhagbourne.org).

### Village Maintenance

There are some instances of hedges and other vegetation extending across pavements.

This causes difficulties for pedestrians. Even higher up, if vegetation extends to the pavement edge it can touch loads on farm vehicles and cause items such as straw to be dislodged, which can block drains. Villagers are asked to check pavements outside their properties and deal with overhanging vegetation.

### Dog Owners

If you walk your dog, please

remember to take dog waste disposal bags so that you can dispose of dog poo in a waste bin. This applies to poo on footpaths away from the village. All of the village waste bins are dual purpose and can take dog poo as well as litter. We are unlikely to have additional bins along paths away from the village (as they need to be emptied) and you will need to carry bags of poo back to a bin in the village.

### Farmers

Please ask drivers of farm vehicles to make sure that vehicles are clear of mud before they set out on the road and ensure that all loads are well secured. Straw and mud from farm vehicles block drains on roads through the village, and volunteers need to clear them at intervals.

### Sustrans

National Cycle Network route 544 runs from Didcot to Harwell Campus. Part of it extends along Chilton Road in Upton, from the A417 to Hagbourne Hill. Sustrans have funding to make this section safer for cyclists and walkers, and are considering making the road a no through road for motor vehicles. There will still be access for farm vehicles and residents, from the A417 end.

If you have any comments on this proposal, please let me know and I will forward them to Sustrans.

## Accident by the pond

Many of you will be aware that there has been yet another accident by the pond, where the road narrows beside Green Thatch. This collision took place

on Monday 28th October during the morning rush hour. Main Street was closed for some time whilst the driver of one of the cars was cut from her vehicle and taken to hospital for a check-up. In the meantime, traffic was re-directed down York Road. Some drivers responded to this short diversion by driving far too fast for a residential road with no footpath. Residents will need to take extra care if such a diversion is made again. Let's hope that there can be some longer-term solution to reduce accidents at this site.

## New seat

The new seat under the Horse Chestnut tree in the middle of the village has now been installed, completing the circle of seating around the tree. This was jointly funded by the Village History Group and the Parish Council. More crocuses have been planted into the grass under the tree, to provide spring colour. Bulbs are being prepared to fill the remaining planters.
